MEMORANDUM OF UNDERSTANDING

SUBJECT: Assignment of Security Advisor to SAFE Project

1. To provide the Project Manager of SAFE with close support in security matters during the developmental and implementation phases of the SAFE program and its interface with ADDIS or other IC systems, Information Systems Security Group, Office of Security will provide one staff officer at a GS-14 level with position. This ISSG/OS representative, an information system security specialist/electrical engineer, though remaining administratively attached to ISSG will act as coordinator on all security matters for the project and will be in residence as advisor on the project staff to provide security guidance to the Project Manager.

2. This advisor will be considered to meet the security requirement within the intent of DCID 1/16 and will advise the Agency ISSO on a weekly basis on the security posture and progress of SAFE.

3. It is the intent that this Security Advisor will be housed by the project and will be administratively available to the Project Manager. Administrative records, pay, leave, fitness reports will continue to be handled by the Office of Security. This will also be true of travel and other expenses incurred in pursuit of the project. In the instance of fitness reports, a memorandum of performance will be requested from the SAFE Project Manager to provide ISSG with a basis for the fitness report.
